

RESOURCE INNOVATION GROUP

‘Solutions for Communities, the Economy, and the Environment’

PLEASE POST: JOB ANNOUNCEMENT

Program Manager, Northwest Climate Change Resource Center Resource Innovation Group, Eugene, Oregon

Resource Innovation Group, a non-profit affiliated with the Institute for a Sustainable Environment at the University of Oregon, seeks a full-time program manager for its new Northwest Climate Change Resource Center (CCRC). The CCRC will assist state and local governments and private companies to assess the socio-economic consequences of climate change and develop and implement climate protection plans.

Primary Duties: Work with the director and associate director of Resource Innovations to manage all aspects of the CCRC including, client services, research, report preparation, technical assistance, student supervision, and fundraising.

Specific Responsibilities

1. Organize and present educational briefings and seminars on the scientific and socio-economic aspects of global warming.
2. Establish and manage a website with scientific and socio-economic information on climate change.
3. In partnership with clients, manage the development and implementation of climate protection plans, including socio-economic impact assessments, greenhouse gas quantifications, and mitigation and adaptation policy and program development.
4. Supervise and provide service-learning opportunities for University of Oregon graduate student who work on the projects.
5. Manage fundraising for the program, including outreach, proposal writing, and program evaluation for contracts from public and private entities. The CCRC is a grant-funded program. Continuation after the start-up period will depend on the ability of the manager to raise additional funds. The program manager is not a state funded position.

Qualifications: Background in field associated with global warming including environmental planning, public policy, environmental or natural resource economics, or physical sciences. Demonstrated research and report writing and foundation grant writing skills, excellent communication skills, ability to work cooperatively with diverse people, desire to work with university students. Graduate degree preferred.

Location: The position will be located in Eugene, Oregon. Some travel throughout the Pacific Northwest will be required.

Salary: \$40,000-\$45,000, plus excellent benefits.

Closing Date: Closed when filled.

To Apply: Send application to Administrative Director, Resource Innovation Group, P.O. Box 51182, Eugene, Oregon, 97405
