

Brazilian Fellow Expression of Interest (send to potential research mentors by April 15, 2015)

Instructions and Template

Project Title

Name of Applicant and Research Mentor
CINEMA Energy Science Area(s) of Research

Remember: when applying to this program, recall its approach, “[CINEMA] will focus on a bi-national consortium that will innovate, discover, and ready emerging, disruptive, and revolutionary renewable-energy technologies that span the gap between fundamental science and applied R&D - leading to the eventual deployment by sustainable industries.”

- 1) Please write a two-page summary of the proposed research.

The purpose of this proposal is for potential research mentors to evaluate the applicant’s ideas, writing, interests, and background. If you find a good match for mentorship, you and the potential research mentor will submit a proposal together by **May 15, 2015**.

Instructions (delete instructions in blue before submittal):
2-page limit; single-spaced; 11-point Times New Roman; font in figures can be smaller than 11-point font, but must be readable; 1-inch margins; include at least one key graphic; include references/bibliography.

Include:

- a) Project goal, objectives, and possible outcomes
 - b) Connection to and potential impacts for renewable energy science
 - c) Research methods
 - d) Schedule (identify either one or two years)
 - e) Brief explanation of postdoctoral candidate-research mentor match
 - f) Mutual benefit to US and Brazil, fit within CINEMA, and planned publications.
- 2) To the research statement, please add:
CV of Brazilian Applicant (no page limit)

CHECKLIST

Submit in one package to the research mentor(s) of your choice:

- 1) Two-page summary of proposed research
- 2) CV of Brazilian applicant
