

## Center for Science and Technology Policy Research Briefing #1

This is the first issue of a new email briefing about our [Center's science policy work](#). We are working to improve how science and technology policies address societal needs. Please let us know what information you might like to receive by [emailing us](#). If you prefer to receive this email in text format or to not receive future copies of this briefing, please [notify us](#).

### ▶ [About the Center](#)

▶ [Prometheus](#) is the Center's weblog. Recent posts:

[A Review of Rising Above the Gathering Storm, Part 1, Part 2, Part 3](#)

[David Goldston on Science Policy in the U.S. Congress](#)

[Consensus Statement on Hurricanes and Global Warming](#)

▶ Sample of [Recent Publications](#):

#### **Peer-reviewed assessment of the state of hurricanes and global warming:**

Pielke, Jr., R. A., C. Landsea, M. Mayfield, J. Laver and R. Pasch, 2005. [Hurricanes and global warming](#), Bulletin of the American Meteorological Society, 86:1571-1575.

#### **How modelers are sometimes less able than others to identify shortcomings in their models:**

Lahsen, M., 2005. [Seductive Simulations? Uncertainty Distribution Around Climate Models](#), Social Studies of Science, Vol. 35, Issue 6, pp. 895-922.

#### **Do the ELSI program's results justify taking the same approach for nanotech?:**

Fisher, E., 2005. [Lessons Learned from the Ethical, Legal and Social Implications program \(ELSI\): Planning societal implications research for the National Nanotechnology Program](#), Technology in Society, Volume 27, pp. 321-328.

All articles are available via download from our [website](#) or can be [requested by mail](#).

### ▶ [Media Resources](#)

[Hurricanes and Global Warming](#)

[Politicization of Science](#)

[Space Policy](#)
