

# THE ENERGY AND CLIMATE CHALLENGE: POLICY ADVICE FOR THE NEW PRESIDENT

**MONDAY, NOVEMBER 17**

**8:30 - 10:30 AM**

**CU-BOULDER, UMC 235**

**FREE AND OPEN TO THE PUBLIC**

**by Daniel M. Kammen**  
**University of California-Berkeley**

Daniel M. Kammen is the Class of 1935 Distinguished Professor of Energy at the University of California, Berkeley, where he holds appointments in the Energy and Resources Group, the Goldman School of Public Policy, and the department of Nuclear Engineering. He works on energy and environmental science, policy and analysis, and has extensive field experience in Latin American, southeast Asia and China, and in Africa, which has been a focal point of his work for two decades. Daniel Kammen is a coordinating lead author for the Intergovernmental Panel on Climate Change (IPCC), which won the Nobel Peace Prize in 2007.

***This talk will be followed by a Panel Discussion with:***

**Jean Fruci**

*Staff Director, Subcommittee on Energy and Environment,  
House Committee on Science and Technology*

**Michael Rodemeyer**

*Former Assistant Director for Environment in the Office of Science and Technology Policy in the Executive Office of the President in the Clinton administration, and Former Chief Democratic Counsel for the U.S. Congress House Committee on Science and Technology*

**Tom Weiner**

*Republican Chief of Staff for the House Select Committee  
on Energy Independence and Global Warming*

**This event opens a day-long Research Symposium  
sponsored by the CU Energy Initiative**
