

Grounded in high-quality data or
banking on a fantasy?

Assessing the Arizona Groundwater
Management Act of 1980

Megan O'Shea

Introduction to the origin of the research

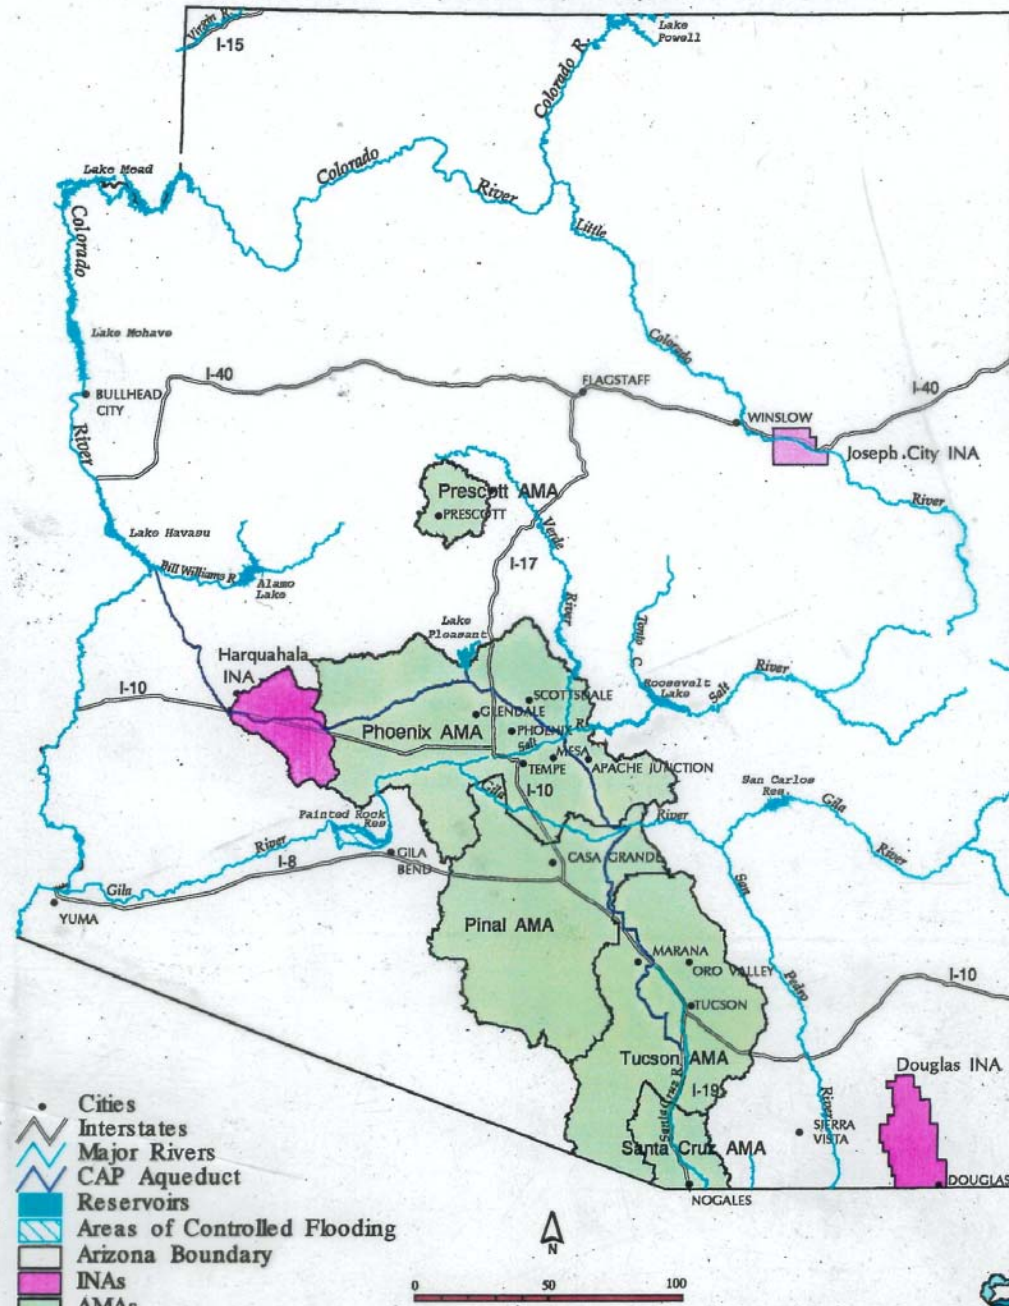

My research questions

Preliminary conclusions

Implications related to SPARC

Future directions

Arizona Active Management and Irrigation Non-expansion Areas

Goals of the GMA

- Resolve conflicting GW rights and uses
- Manage overdraft
- GW transportation
- Conveyances of GW rights (transferring the property right)
- Accommodating growth needs
- Environmental protection
- Management efficiency
- Recognition of federal and Indian water rights
